

Mediterranean identity

Thanks to its simplicity and popularity, Italian food firmly established itself as a global cuisine. Italian cuisine spans not only different foods, but different cooking methods, flavors and experiences. Rich, tasty and healthy, the Italian art of cooking is pure pleasure.

Classic live piano melodies will accompany you while dining at our restaurant. This experience will allow you to get to know the two passions of the composer Gioacchino Rossini: music and Italian cuisine.

Our kitchen

At Rossini you will find a wide variety of options to enjoy Italian cuisine in Plaza Real. From our famous freshly baked pizzas with homemade dough, the classic Italian pasta, grilled meats and fish to a careful selection of the best tapas to share. Classic, traditional cuisine with a Mediterranean soul.

Our Cocktails

In Rossini you will also find a large and excellent cocktail menu made with the finest spirits. Whether on our terrace enjoying the atmosphere of the Plaza Real or inside, having a cocktail in our space accompanied by live piano music, becomes one unique experience in the heart of the Gothic Quarter.

Our restaurant

Our restaurant is located inside Plaza Real, also known as the “oasis of Barcelona” by its people. The restaurant is distributed in 4 rooms with privatization options for a large variety of events and it also has a large terrace overlooking the square.

Terrace

The restaurant's terrace has a privileged location in the Plaza Real, which leaves no one indifferent. Its vaults on the porches, Gaudí's six-armed street lamps, the Tres Gràcies fountain and the rhythm of the people in their day-to-day life make Rossini a special place.
